

On its fifth CD, "Way Back Home," the first class band has recorded one of its strongest traditional blues records to date. Led by the double barrel attack of harmonica ace and lead vocalist, Sonny Charles, and the biting Texas blues guitar of Kid Royal, the Backtrack Blues Band is now poised to carry its musical message to a larger audience.

—Art Tipaldi, Editor, *Blues Music Magazine*, 2016

Backtrack isn't afraid to play dirty and lowdown.... This blues is definitely worth searching for!

—Alex Henderson, *CD Universe*

On its new release, "Way Back Home," the Backtrack Blues Band has delivered an exciting harp and guitar-infused album that really hits the mark! The group has been one of Florida's leading original blues acts for decades, and those years of performing have paid big dividends on this record. The solid grooves, stellar guitar, electrifying harmonica, and vocals make this CD one of the best blues releases of 2016. Reminiscent of the sounds of Paul Butterfield and the early Fabulous Thunderbirds, the songs on this record are true electric blues with lots of soul and energy.

Backtrack has won three consecutive Tampa Bay Music Awards for "Best Blues Band" and has performed at festivals and concerts around the world with blues music legends like Stevie Ray Vaughan, B.B. King, Buddy Guy, Robert Cray, Gregg Allman, John Lee Hooker, Johnny Winter, and others. "Way Back Home" marks the band's fifth album, and the critics have proclaimed it the band's best work.
